

Testimonials from Andy Masters Government Keynotes/Trainings

"Andy--I want to THANK YOU again for a GREAT presentation at FCCMA! The keynote was well received and complimented our conference in so many ways. I personally want to thank you for bringing the extra books to the event for my gifting to others. They also have commented back to me on how much they enjoy reading it. Again, it was so nice meeting you months before the event and staying in touch right through the event." - [Bobby Green, President, Florida City & County Managers Association \(FCCMA\), after Andy's keynote for the FCCMA Conference \(FL\)](#)

"Andy Masters gave a TOUR DE FORCE performance as keynote speaker for the IPMA-HR Central Region Conference in St. Louis. His '*Leadership Lessons From Hollywood*' keynote was ENTERTAINING, INFORMATIVE, and THOUGHT-PROVOKING. The use of movie clips highlighted his message and had the audience laughing and learning. He challenged us to be better leaders and to invest in ourselves and our employees. Andy's high-energy style engaged the audience from the get-go and set the tone for the entire event. People were still talking about his session on day 2 and 3 of the conference!! I would HIGHLY RECOMMEND Andy Masters to entertain, engage, and enlighten your audience!" - [Bill Cole, IPMA-SCP, International Public Management Association-HR President \(MA\)](#)

"Having you was a FANTASTIC way to start our conference! My only regret was not being able to schedule you for a longer session. When I looked around the room everyone was so engaged. Hardy, Chair, New England Association of City and Town Clerks 2018 Conference \(RI\)](#)

From an organizational perspective, EXACTLY the good news we all want to receive!" - [Allan Forbis, Training Manager, State of Missouri Center for Management and Professional Development \(MO\)](#)

Your presentation could not have been more on target as we seek to promote civic engagement, public ownership and leadership. You challenged us all to remember it's not just our City, we are the stewards for not only our current residents and businesses, but for the next generation! Your discussion on managing and fostering a positive environment was well received by both our city leadership team and the many members of our corporate community, especially as it relates to working with, embracing, empowering and unleashing the potential of millennials! Your enthusiasm and energy resonated well with the audience, and they especially enjoyed the integration of movie clips to highlight key points!" - [John A. "Thank you for your opening Keynote presentation on "Leadership" at our Electric Cities of Georgia (ECG) 2018 Annual Meeting. It seems everyone I talked to during the rest of the meeting wanted me to express appreciation to you for the inspiring presentation. Your interesting use of Hollywood films combined with your depth of understanding the appropriateness of leadership styles produced a teaching, memorable moment for our Members. Your enthusiasm is contagious, and we thank you again for your message and the contribution to leadership development."- [John Giles, President and CEO, Electric Cities of Georgia \(GA\)](#)

"Your presentation at both sessions was EXCELLENT – Entertaining and inspiring. It can be difficult holding the attention of fire chiefs but you engaged them and held their attention for the entire talk; both sessions. I have heard many professional development seminars during my career and they are often dull and repetitive. You used your own life experiences, laced with humor to get across a powerful life message that resonated with our attendees. I look forward to hearing more from you in the future and would certainly recommend you as a speaker to either public or private sector audiences. Thanks again and please stay in touch!"- [M. Stuart McElhaney, President, Florida Fire Chiefs Association \(FL\)](#)
